

Convert A Tub

Step into an accessible bath today

Custom & Fibreglass Kits

Is your bath dangerous to use? Wish to complete a smaller modification to make the bath accessible once again? Perhaps, Consider the Convert A Tub option. In most cases we can complete this process in one working day leaving you with a step in bath.

Features

- Can be installed to all bath types: Cast Iron, Plastic, Fibreglass, Enameled steel.
- Super strong fibreglass or poly components can be shaped to form any shaped bath.
- Can be stood on, due to the reinforcing of the bath and the strength of the components.
- Non-slip strips (clear) are adhered to the step and bath base for peace of mind.
- The components can be customised and glued, screwed and siliconed in place for a long lasting solution.
- Available in white only.
- Cut out can be left, right or centrally positioned
- Will not rust or discolour
- Tough "2 pack" paint surface in a brilliant white colour on the fibreglass kit

We do two types:

The **conventional fibreglass kit** that works with conventional shaped baths

Custom made that works with non-conventional shaped baths such as spa baths or baths with arm rests incorporated in the moulding

Simply, we enable independent living for those with mobility challenges, by making buildings safer, and making access to them easier.

HygeiaPod

The outdoor ensuite solution

A Portable Bathroom that is completely self-contained

DryFlush Toilet

NO Water
NO Plumbing
NO Chemicals
NO Complicated Set-up

CarePort Your portable bathroom solution
